LIFE ADVENTURES OF SHIRLEY TE HENNEPE KROGH

First Year of Life

Birth Announcement

Barbara playing with me

6 months old

Mother said that I often said, "Me Too Ya" sounding like a Dutchman. Grandpa Eggink, is lying on the grass.

I was born in this house on 39th St. in south east Portland. My Grandmother Eggink was in attendance and wrote that I had a "part of her in me" We lived here until I was 5 yrs. old.

OUR MOVE FROM OREGON TO WASHINGTON

we called the fir tree in back of house, "Old Faithful"

Dad lost his job because of the depression and we had to move to Washingto He made an addition to a one room house and we lived in that home until we graduated from high school. Dad is on the roof and I think his father, a carpenter , who lived in Spokane, helped him

Shirley 5 years old in new dress and shoes from a friend.

In Aug. of '32 we moved from Portland, OR to this house in Ridgefield. The acreage and house cost $5.00 down and $5.00 a month.
Across the road lived John Lehman, a bachelor, who shared his garden, crops with us. Also water from a spring in back of his house.

These are pictures of Lake River where we went to swim; It was the backwater of the Columbia River

Krogh Engaged To teHennepe

At a recent dinner at Senior hall, Miss Shirley teHennepe announced her engagement to Kenneth A. Krogh.

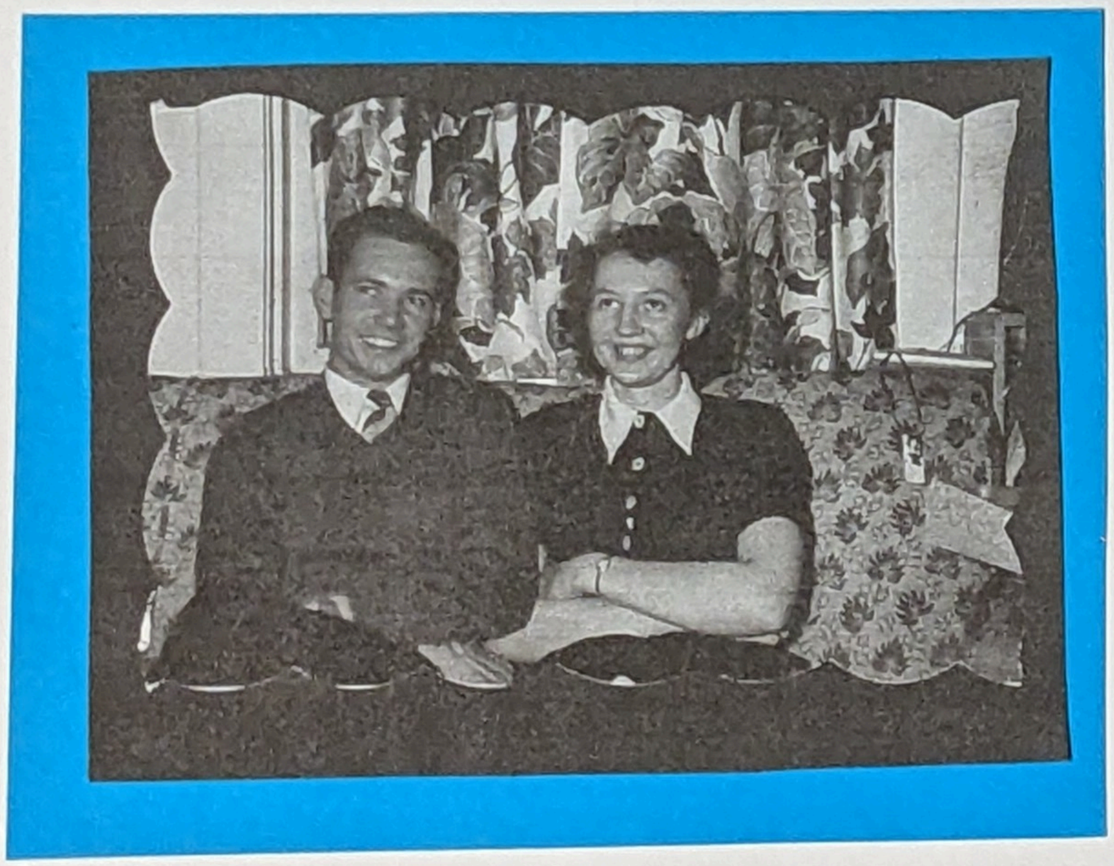
Miss teHennepe is the daughter of Mr. and Mrs. Bernard teHennepe of Ridgefield; her fiance is the son of Mr. and Mrs. Hans Krogh of Everett.

Mr. Krogh will resume his studies at WWC this fall while Miss teHennepe will teach in Vancouver, Washington.

Story of the Courtship

Ken and I met in a class called "Industrial Arts for Boys and Girls" I was in a class that included some friends from Senior Hall, where we lived off campus. Ken made himself know easily by helping us with our projects. Once we were involved with making bricks out of clay and he helped all of us and had fun doing it. Charlotte Richarson was the teacher and he, on the G1 bill got a job sweeping up the 1A rooms. (Ken)

Of course, we were attracted to each other and that led to him walking me down Garden street to Senior Hall. We saw each other often and the summer of 1947 we went to the beach, and went on a mail boat trip to Friday Harbor for one day. Also, we went to Canada and saw many interesting things : Stanley Park and we ate lunch in a English resturant. All these things were very new to me; It was on one of these trips that he asked me to marry him. I was surprised with the ring because the diamond was so big. I remember coming in that nite, where I was still living in Senior Hall, showing it to my friends; They were very happy for me. The next fall I went to Vancouver to teach at Marshall Elementary and Ken went back to Bellingham to work more on his degree. While there, he made a beautiful radio cabinet for me. He came many times that winter to see us in Vancouver and we were planning our wedding for June 26, 1948.



Radio cabinet Ken made in shop(wwc)

The Vanport Flood

Vanport, the 2nd largest city in Oregon and the largest public housing project in the nation was flooded when a dike holding back the Columbia River gave way at 4:05 p.m. on May 30, 1948. Vanport, 15-feet below Columbia's water level, was completely underwater by nightfall. Fifteen people died in the flood. Houses were washed off of their foundations and the entire town was lost.

The 47' 48' school year I was teaching in Vancouver for my first year of teaching. I was at Marshall El.ementary school on the Heights east of Vancouver. It was an area that has housing for ship yard workers.. That spring May 30 1948 the Columbia River rose 26 ft. above flood stage. My family and I, or course, were concerned, too, about our impending wedding to be held just a month later. I-5 was closed at Longview down to Kahlama. But everything turned out OK and we had the wedding June 26th

Wedding Trip

We took a wedding trip to California south to San Diego, to Mexico, . Then we went to Yosemite, Yellowstone, Ck Tahoe and thru Montana. Also the Redwoods and several beaches in California.: Carmel for one. We were gone for 6 weeks. In the fall we went back to Bellingham where I taught at 2 schools and Ken finished his studies at Western Washington College. We lived in a school housing unit just for married couples:

BELLINGHAM AGAIN 1948-49

The fall after we were married we had to go back to Bellingham where Ken finished up his teaching degree. I taught Kindgarten at two of the Bellingham schools. The class,here, was a Sunny dale. and the other was at Lowell Elem.
We lived in student housing and the small place was inexpensive , but just right. The other pictures show other activities between study, job, etc. Chuck and Alice Bryant just happened to live in the same housing unit. I went to Elem. school with Chuck; He and Alice had just been married.

In 1952, in Vancouver Washington, at the age of 31, I contracted bulbar polio. I had been teaching high school for 2 years. Then January 1952 I went to the hospital with Bulbar type Polio. The Doctors were having much trouble diagnosing it and about the 2nd nite I fell out of bed with paralysis. Doctors didn't know what it was but they told my wife I would have a 50/50 chance of survival. We had one son a year old and a second child on the way. I had a lot to live for.

In about a week of no care, they sent me to the Vancouver Veteran's hospital where they immediately applied the Sister Kenny Hot Packs. A very good Dr. Ducsberry knew much about my problem and saw to it that it was done right. They were woolen packs that were very hot. The nite shift, however, did not do so well and often they were cold. That was miserable. The care given there was very good and there were other veterans there that had the same type of polio.

However, my worst problem was a paralized throat—I was fed by a tube for a month or more until one day I choked rather badly and "flung" my feeding tube out across the floor. The nurses ran to my bedside and called the Dr. Dr. Ducsberry said "Oh, now we learn to eat" So a nurse was with me all day just trying to get the food down. It must have been an ordeal for them. But I learned to eat and then by myself.

My wife came every day to see me and then after 3 months they let me come home for visits; I brought alone a liquid formula . I hated to leave our home to come back to the hospital.

The second son came about a month early in March and I rmember them taking me to see them at the hospital in a wheel chair.

So I was on the road to recovery and I went home in April for good.

My wife likes to tell how determined I was to walk again. We had a small acreage and and "Merry Tiller". So my wife would start the engine and I would walk behind it, not really plowing any ground.

The Health Department came after I had been home awhile to ask if I had been around a barn before I got sick.

Yes, I told them I had been duck hunting end of November and got stuck with a friend. We took some old hay out of the barn to get out of the mud. Tey affirmed that polio virus was in that kind of environment

So my health returned slowly and I even went back to teaching in the fall. I started out with a short leg brace for drop foot and ended up about 1979 with a long leg brace for hyperextension of the right knee. We moved to Shelton in 1965 and I worked at the Washington State Correction center in the vocational shop until early retirement . The cement floors were too hard on my legs.

I always was active, not knowing about wearing out the good muscles. So we stopped traveling in our RV about 1995 and at 84 years I use a mobile walker (4 wheels) and am trying to stay out of a wheel chair

The BIG problem has always been my paralyzed throat. Breathing problems, too.

Two years ago I had a complete assessment from a pulmonary specialist. I still go about every 3 ms. for checkups. He put me on a nebulizer with Abuterol and Iprotropium. It does help and relaxes the breathing muscles; It doesn't take care of all the problems, however. My lung capacity because of a paralyzed diaphragm is getting smaller; and that worries us. Feb 2, 2003

PHILIP 1952

Philip Alvin Krogh was born March 27, 1952 while Ken was still in the Veteran's Hospital getting well from Polio. Ken came to see both of us in a wheel-chair. Philip weighed nearly 6 lbs. at birth, but was born a month early. He came home in the normal time and gained like any other baby. My mother was very helpful at this time and helped with David when it was necessary. When Ken came home the next month it was, then, a whole family and every one was on the mend.

the following page tells of activities with David and Philip the following year. in 1953. Ken got well enough to go back to teaching that fall. And I had my hands full with two small boys.

MEMORIES of the HEART

Sally Beth Krogh
born Dec. 20, 1955

Sally Beth was full term when she was born. but died at four days because of an RH factor. That meant that her blood and mine were incompatable. Mother was negative and Sally's was positive.

John Timothy Krogh
born November 9, 1956
John Timothy, also, was born with positive type blood and died a few days after he was born.

written by Johanna tHennepe

God must have needed angels
When he called you back to him
To fill the ranks of Cherubim
Or join the seraphim
How else could he have taken
you
So leave us so bereft
With naught but tears + aching
hearts
To fill the void that's left?

God grant us consolation
And faith to know that He
Will answer all our queries
In God's eternity.

JO ANN NOV. 9 1959

2 months

Jo Ann was born at the Vancouver Memorial 8:00 in the Am on Nov. 9th 1959
We were very worried that she would have positive type blood. However, she was born with negative just like her mothers. She was very healthy and both her father and I were overjoyed. We took her home and both the boys were excited about having a sister. her Grandma and Grandpa teHennepe were also, very happy.

Salmon Creek Methodist Church.

After Ken had polio, we were invited to the Methodist church in Salmon Creek. a few miles from Hazeldell. The people were very friendly and we were very happy there. I joined a group of women in the Suzanna Wesley circle and also, I taught in the church school. Ken joined the men's group and was a secretary for their group.

When we left for Shelton they gave a party for us. It was sad to leave our friends who had welcomed us so well.

We were members for 15 years

This picture was taken after they moved the church from original place and we visited one Sunday. A brand new church was built

BIG MOVE TO SHELTON

1965 1965 1965 1965

We came to Shelton in 1965. We bought a home on Grandview Street, south of the city. JoAnn started kindergarten and the boys Jr. High. I taught kindergarten the same year.and Ken started his teachi ng at the Correction center north of Shelton.
think it was a hard move for Dave and Phil but they seemed to make some friends. Ken had always wanted to be on the water. So early in '69 he found a place called Bay East, southeast of Shelton on Totten Inlet. Soon that led to him building; He worked nites and week ends, had some help from those he worked with at the correction center. I think we moved in sometime in "71. to our Bay East home. During those first years we found time to enjoy the Sound and went boating often and digging for gooey duc (like in the picture)

HOME ON GRANDVIEW AVE.

1969

We were one of the first families at Bay East; 20 yrs, later the large picture shows how many had built there. And now, in 2004, their arek more than 30 lots that have been taken.

Taken af 1981

er Ken bought the property, he
ted making a bulkhead for the beach.
d started to errode,some and he wanted
top it. His design was a "lincoln log"
le out of concrete. Dave and Phil helped
getting them in place. It was hard work.
nds, the Backstroms from Everett visited.
nd that time.

Kroghs celebrate 50 years together

KENNETH AND SHIRLEY KROGH celebrated their golden wedding anniversary with a family gathering on Sunday, August 30, at their Shelton residence. Shirley te Hennepe was married to Kenneth Krogh on June 26, 1948. They have lived in the Mason County area for 34 years, preceded by 16 years in Vancouver. Mr. Krogh retired in 1978 from the Washington Corrections Center, where he taught industrial arts. Mrs. Krogh retired in 1985 as a teacher with the Shelton School District. Both belong to Shelton's United Methodist Church. The couple's children, who hosted their celebration, include David Krogh of Union, Philip Krogh and his wife Connie of Woodinville and Jo Ann Underhill of Spokane, who is married to Ed Underhill. The couple can boast nine grandchildren and one great-grandchild.

Happy Birthday Dad ! ! ! ! ! !

Kenneth A. Krogh

Kenneth Albert Krogh, a Shelton resident for 38 years, died from the effects of polio Friday, October 3, at Mason General Hospital. He was 85.

Kenneth Krogh

He was born September 1, 1918 at Lake Stevens to Hans and Kristine (Hansen) Krogh.

He served in the U.S. Navy from 1944 to 1946 and was a machinist second class at the time of his discharge.

He married Shirley Teltennepe on June 26, 1948 in Ridgefield.

Mr. Krogh worked at Puget Sound Naval Shipyard. He was also a vocational teacher at Vancouver High School and Washington Corrections Center.

His hobbies included woodworking, boating and traveling in the U.S. in a recreational vehicle. He was a member of the Methodist Church in Shelton for 38 years.

Survivors include his wife, Shirley Krogh of Shelton; children David Krogh of Union, Philip Krogh of Woodinville, and Jo Ann Underhill of Spokane; sister Jennie Burwell of Seattle; 11 grandchildren and three great-grandchildren.

A memorial service is set for 11 a.m. Saturday, October 11, at the United Methodist Church of Shelton. Dennis Wilson will officiate.

Memorial donations may be sent to the United Methodist Church of Shelton, 1900 King Street, Shelton, or Habitat for Humanity of Mason County at the same address.

Arrangements are by American Memorial Association in Thurston County.

The Lord's Bank Account

I leave to my children
Not silver or gold
But some of God's treasure
That cannot be sold.

I leave them the wind
That sighs through the trees,
The song of the bird
The honey of bees.

The blue of the sky
The might of the river,
All of these things
The Lord will deliver.

All of the flowers
That push through the sod,
Planted in love
By the wisdom of God.

The mountain and desert,
Mesa and plain;
They know the treasure
In the wash of God's rain.

The glory of dawn
When the sun starts to rise;
The first snow of winter
When autumn's leaf dies.

Fauna and flora,
The great treasure mounts.
I leave to my children
The Lord's bank account.

Kenneth A. Krogh
Sep. 1, 1918-Oct. 3, 2003

Kenneth Albert Krogh was born September 1, 1918 in Everett, Washington. His parents emigrated from Norway in the early 1900's.

Ken graduated from Lake Stevens High School in 1937. He became a machinist through the Puget Sound Naval Shipyard in Bremerton. In 1944 he was drafted into the Navy.

Ken met Shirley in 1946 at Western Washington College where they both received degrees in education. They were married in 1948 at the Presbyterian Church in Ridgefield, Washington.

Ken taught at Vancouver area high schools for 16 years. In 1965 he began teaching in the vocational department of the Washington State Corrections Center in Shelton until retirement.

Ken was a member of the Shelton United Methodist Church for 38 years.
